

DERMA SAN™

Sanitizing Hand Soap

DESCRIPTION:

DERMA SAN™ is a premium quality, ready-to-use pH balanced SANITIZING hand cleaner, with a thick liquid with a pleasant fragrance. **DERMA SAN™** contains high concentrations of Quaternary Ammonium Chloride compound, an extremely effective anti-microbial. This germ-fighting formulation is designed to meet the critical hand care needs of food service and institutional personnel. Mild to the hands and leaves the skin soft and refreshed. **DERMA SAN™** effectively reduces bacterial flora of the skin. **DERMA SAN™** is authorized by USDA for use in federally inspected meat and poultry plants. It is also recommended for use in food processing plants and restaurants by personnel prior to handling food and/or processing equipment.

DIRECTIONS FOR USE:

Before using, read Material Safety Data Sheet for this material.

1. Dispense a small amount (5 cc) of **DERMA SAN™** and massage into a lather.
2. Wet hands with water (15 cc).
3. Rinse hands thoroughly with water and dry.

DERMA SAN™ is recommended for use in all plastic dispensers.

This product must be dispensed from an adequate dispenser located a sufficient distance from the processing line to prevent accidental production contamination.
