

HEAT™

De-Icer

DESCRIPTION:

HEAT™ Can be applied before, during or after an expected snowfall. HEAT™ is fast acting and easy to apply with immediate results. Long lasting action saves you on labor and down time. Ideal for use on exterior areas where snow and ice can be a problem to the public; schools, universities, shopping centers, malls, transportation facilities, etc. This product is Ready to Use.

DIRECTIONS FOR USE:

Before using, read Material Safety Data Sheet for this material.

> CAUTION <

**WALKING SURFACES MAY BECOME SLICK IF OVERUSED,
USE MINIMAL AMOUNT NECESSARY FOR DE-ICING.**

PREVENTION - Spray HEAT™ onto surface at a rate of **1 gallon per 6000 sq. ft.**

REMOVAL - Spray HEAT™ onto surface at a rate of **1 gallon per 1000 sq. ft.**

ANTI-ICING SOLUTION:

1. Apply a mist prior to an expected snowfall. HEAT™ will prevent the ice from sticking to the concrete for easier and more complete removal.

ON FLAT SURFACES AND WALKWAYS WITH ICE:

1. Score ice with rake to enable deeper, faster penetration into ice formations.

NOTE: Always use product at full strength. Do not dilute or add other chemicals.

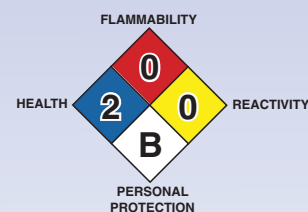

AVAILABLE PACKAGE SIZES

FT 18905 5 Gallon Pail
 FT 18955 55 Gallon Drum
 FT 18933 330 Gallon Tote
