SODIUM PERBORATE™

Color Safe Bleach

DESCRIPTION:

SODIUM PERBORATE™ is an oxygenated bleach and does not contain chlorine. Can be used to safely bleach all washable fabrics and is especially suited for use on permanent press. **SODIUM PERBORATE™** can be used on bleachable color fabrics as well as whites. Will remove stains, in hot water. Dissolves rapidly and completely. Is a stable, free flowing white powder with no bleach odor.

DIRECTIONS FOR USE:

Before using, read Material Safety Data Sheet for this material.

SODIUM PERBORATE™ can be used in all cycles including detergent, break or bleach. Use in the bleach cycle in warm (140°F) water, will provide for optimum performance. Add 2-4 ozs. of **SODIUM PERBORATE™** per 100 lbs of fabric.
