

FORMULA ACB

LOW FOAMING PHOS ACID CLEANER & DEGREASER

Description:

FORMULA ACB is a low foaming acid cleaner. **FORMULA ACB** contains high levels of phosphoric acid and low foam nonionic detergents and corrosion inhibitors. **FORMULA ACB** also incorporates the degreasing power of glycol ether. The formula is inhibited against the corrosive effects of phosphoric action on stainless steel, copper and brass. This low foam, mild acid cleaner is recommended for removing concrete deposits up to 1/8" thick, and is primarily used for removing these deposits from concrete trucks, forms, buildings and other exposed areas. Safe on glass and windshields when used as directed. Always rinse with potable water. **FORMULA ACB** will produce a iron phosphate coating on steel and cast iron, providing temporary corrosion protection and an excellent base for paint.

Experimentation with different dilution is recommended to achieve the best results
WHEN DILUTING: ALWAYS ADD ACID INTO THE WATER

Directions for Use:

Before using, read Material Safety Data Sheet for this product.

GENERAL USE INSTRUCTIONS:

Light to Medium Build-up: 1:10 (12-13oz. per gallon of water)

Heavy Build-up: 1:1 - 1:4 (64-32oz per gallon of water)

NOTE: SOLUTION MUST BE RINSED OFF SURFACE WITH POTABLE WATER.

IRON PHOSPHATIZING:

Mix ratios from 1:20 to 1:5. Apply by spraying or soaking. Use warm or hot water if possible. Rinse with 1:50 dilution of FORMULA ACB for 30 - 60 seconds. Let dry.

Safety:

DANGER: Contains PHOSPHORIC ACID AND GLYCOL ETHER. PHOSPHORIC ACID is corrosive to skin and eyes. GLYCOL ETHER is an eye irritant and is an inhalation hazard. **KEEP OUT OF EYES AND OFF SKIN.**

FIRST AID:

Eyes: Flush with copious water for at least 15 minutes. If irritation persists, obtain medical attention.

Skin: Wash off with water. If irritation persists, obtain medical attention.

Inhalation: Remove from exposure. If breathing is difficult or discomfort persists, obtain medical attention.

Ingestion: Rinse mouth with water; give copious water to cause dilution in stomach. **DO NOT INDUCE VOMITING.**

TECHNICAL DATA

Form: Liquid
Color: Straw
Acid Content: 27% Phosphoric
pH: >2.0
Foam: Low to Moderate
Solvents: 2-Butoxyethanol
Specific Gravity: 1.15
Density: 9.6 lbs. Gallon
USDA: Meets Criteria
for A3
