

# FORMULA FP2-CL

## CHLORINATED FOAMING ALKALINE CLEANER

### Description:

**FORMULA FP2-CL** is a self foaming chlorinated alkaline cleaner for the food processing industry. It is a chlorinated alkaline cleaner built with high-foaming surfactants. When used in conjunction with foam generating equipment, it will produce copious amount of dense, stable foam which clings to equipment, walls, and surfaces. Alkaline detergent builders loosen and break up soil particles. The available chlorine helps in the removal of proteinaceous food soils. This product is designed for use in food processing facilities. Does not contain any animal derivatives or quaternary ammonium compounds.

### Directions for Use:

**Before using, read Material Safety Data Sheet for this product.**

#### *For foam cleaning of equipment, walls and surfaces.*

1. Pre-rinse equipment, walls and surfaces with warm water to remove as much gross soil as possible.
2. Prepare cleaning solution by adding 5-10 oz of **FORMULA FP2-CL** per gallon of 130°F-140°F water.
3. Using foam generator apply foam solution to surfaces. Allow solution to remain in contact with surfaces for 10 minutes.
4. Follow with potable water rinse.

### Safety:

#### **DANGER: FOR INDUSTRIAL USE ONLY.**

Contains POTASSIUM HYDROXIDE and SODIUM HYPOCHLORITE. Do Not get in eyes on skin or on clothing. Avoid breathing vapor fumes. Keep container closed. Wash thoroughly after use. POTASSIUM HYDROXIDE and SODIUM HYPOCHLORITE CAN CAUSE SEVERE BURNS OR BLINDNESS. Prompt treatment is important to minimize effects of overexposure.

#### **FIRST AID: CALL A PHYSICIAN.**

**Internal:** Give large quantities of water. Do not induce vomiting. **External:** Flood with water for at least 15 minutes. Wash with soap and water until area is no longer slippery. Remove contaminated clothing and wash before reuse. **Eyes:** Immediately, flush with water for at least 15 minutes. Forcibly hold eyelids apart to ensure complete irrigation of all eye and lid tissue. Contact lenses should not be worn when using this product.

### TECHNICAL DATA

Form: Liquid  
Color: Light Brown  
pH Concentrate: 13.2 - 13.5  
pH 1% Solution: 12.0 - 12.5  
Viscosity: Water Thin  
Foam: High  
Chlorine: 3.0%  
Solvents: None  
Biodegradable: Yes  
USDA: A1
